DETAILED ACTION

Allowable Subject Matter

Claims 1-2, and 4-15 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The prior art does not disclose or suggest inter alia the limitations of an optical interconnect apparatus comprising: component mounting and an electrically insulated base with first and second opposed major surfaces; signal via and ground via positioned adjacent each other the base and extending through the base between the first and second opposed major surfaces, the signal via and the ground via each containing electrically conductive material forming electrical conductors from the first major surface to the second major surface, and the ground via being connected to ground, the signal via and the ground via being positioned to form a high frequency transmission line; an optical component having an electrical terminal, the optical component mounted on the first major surface of the base with the electrical terminal coupled to the signal via; and a flex circuit affixed to the second major surface of the base with an electrical connection the signal the signal via and the ground via forming the high

frequency transmission line providing a fixed impedance matched to at least one of the optical component and the flex circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
